

COMPANY PROFILE

Date: 19.01.2019

Dear Sirs,

We May kindly be permitted to introduce ourselves as Mechanical Engineers & Contractors, having experienced experts in various mechanical projects and maintenance jobs in our industrial sector. Our field of operations includes Erection, Alignment and Commissioning of Rotary Equipments including Refurbishing, Fabrication, erection, related Piping, Running plant operation & Maintenance along with Shutdown jobs, related with Steel plants, Petro-Chemicals, Fertilizers, Refineries, Power Plants etc.

Details of our establishment are herewith enclosed for your ready reference.

1.	Organization & Registrations with statutory authorities	- Annexure 1
2.	Organisational Chart	- Annexure 2
3.	Key Personals to Contact	- Annexure 3
4.	Details of Current Projects	- <u>Annexure 4</u>
5.	Details of Experience in Various Projects & Operation, Maintenance Jobs	- Annexure 5
6.	Details of Personnel Experience of Directors	- Annexure 6
7.	List of Major Clients	- Annexure 7

We have a considerable strength of high skilled, skilled and semi skilled technicians with sufficient well-experienced supervisors and engineers, enough tools and tackles, and facility to arrange any types of heavy machineries easily. There for we can assure the minimum time for mobilization, execution maintaining standards & safety keeping maximum quality, and completion within the scheduled targets itself. Hence please arrange to incorporate us as a vender in your esteemed organization.

Thanking you,

Yours Faithfully,

For GOBINS INDIA ENGINEERING PVT. LIMITED

Experience At a Glance

Team **GOBINS INDIA** Provides; Entire Solutions for Construction, Operation & Maintenance needs in the Engineering and Industrial Sector.

Our Major Experiences in the Field, at a glance;

- Erection & Commissioning of Equipments Static & Rotary
- Fabrication, Erection / Installation & Commissioning of Pipe Lines.
- Operation & Maintenance of Running Plants
- Routine & Preventive Maintenance including Annual Maintenance & Shut down jobs.
- AMC with Operational Assistance and Industrial Services.

We have successfully executed / executing various project & maintenance jobs for Power, Steel & Cement manufacturing Plants.

- Ash Handling System Boilers & ESP for Power Plants.
- AMC ESP
- Steel Rolling Mills of Long & Flat Products Bar Mill, Wire Rod Mill, HRM, CRM, CGL, CCL, Slitting lanes, Skin Pass Mill etc.
- SMS
- Casters Slab Casters, Bloom And Billet Casters
- Re-heating furnaces
- Blast Furnaces
- Corex
- Pelletizing
- Sinter
- Raw Material Handling
- Coke Oven
- DRI
- Dust Extraction Systems

All our Operations are being maintained with best standard practices of HSE - Plan, Policy, and Program.

- Managing and coordinating various sites / offices and sections with timely cost controlled job execution along with standard safety practices ensuring best quality and client satisfaction.
- Well aware and managed the team under M/s Dupond, HSE Standards according to the strict requirements of ISI specifications. Training programs conducted to all team members including subcontractor employees, introduced, maintained and co-ordinate the implementations with proper induction, HSE policy, plan & program with systematic orientation records.
- Effective HR management with effective Induction programs, Periodical trainings to the team according to the latest technical and commercial standards & practices.
